

STIR THINGS UP.

Good Food for a Great Cause • October 15th - November 30th

Rich Dickerson and Glenn Curtis, The Love Doctors at Real Radio, formed the non-profit charitable organization after several years of hosting on-air marathons to collect toys for children in need. Last year the charity provided toys to more than 9,000 children throughout South Florida. In addition to the annual toy drive, the charity provides other services such as emergency assistance to individuals, sponsorships to Diabetes Camp for children, and school supplies to teachers. The charity operates year round making a positive impact throughout South Florida.
